PLANNING DEPARTMENT PLANS

[Master Plan](#) - The Master Plan was completed in 1999 after several years of community input. Following the completion of the Plan, a complete recodification of the Zoning Ordinance was completed, as well as an Implementation Plan. The Implementation Plan was developed to aid in the successful completion of each goal. The Implementation Plan is in the process of being updated as to the progress and a 10 year final update will be completed by the summer. (The plan can also be reviewed and/or purchased at the Planning Department.)
