In our efforts to provide more reliable communications with Residents [and Businesses] in the City, we have implemented Swiftreach Networks, Inc. as our Emergency Notification service provider.

Swift911™ in its simplest form is a system that makes phone calls to specific people or areas in the event of an emergency or for sharing important information. All the calls you receive will have the Caller ID of City of Holyoke.

If you are not receiving these calls, please fill out the form below to add or update your contact information. You may also remove yourself from our lists.
