

Common FSA Eligible Expenses

Over-the-counter (OTC) medicines and drugs, except for insulin, require a prescription from your physician to be reimbursed from your Healthcare FSA.

The prescription will need to be included with each OTC medicine or drug claim request submitted. Health-related supplies purchased over-the-counter continue to be eligible without additional documentation. Below is a sample list of permissible expenses reimbursable through a Full Scope Healthcare Flexible Spending Account (FSA) that are incurred by you, your spouse, or qualified dependents. Please note a Limited Purpose Healthcare FSA only allows dental and vision expenses.
