PLANING BOARD BUSINESS

6. Zone Change Petition Continuation (7/14/15; 9/8/15) – Table 5.2 Table of Dimensional Regs: change BH Zone and 7. Review the BG, BH, SC, and IG zones to consolidate or reformulate
JEFFREY BURKOTT submitted the Planning Board’s recommendation to the Ordinance Committee including Section 2 Definitions; Section 5 Setbacks/Dimensional Regulations; Section 6.4.6 Signs in a Business District; Section 4.3 Table of Principal Uses; and Section 8.3 Shopping Center District.

The documents were reviewed and some of the rationale of the changes were explained.

COUNCILOR VACON noted her continued objection in creating a zone that the only SC zoned parcel in the City that contains one business owner would benefit.

COUNCILOR LISI explained that the driving force behind the proposed changes were due to the fact that the retail market is changing. MIMI PANITCH added that the purpose was to find out what the various business interests were looking for and create
a harmonious zone attractive to all of the businesses in the business zones, and not only for the one parcel that happens to be zoned SC.

After a lengthy discussion and suggested amendments to the presented documents, JEFFREY BURKOTT stated that the approved documents submitted to the Ordinance Committee were the Planning Board’s recommendations excluding the typical accompanying formal letter. An additional document was offered to be written by the Planning Board Chair to address the rationale behind the new or revised Ordinance and the various changes to the existing SC Ordinance.

MIMI PANITCH concurred that typically a bare bones recommendation is submitted. Due to the nature of the proposed amendments, she had offered to submit a written explanation of the rationale behind the changes.

COUNCILOR LISI stated that since this letter would be forthcoming to explain the rationale of the changes, the submitted documents did not need further review this evening.

CHRIS LACHAPELLE stated that he understood the need for scrutiny, but hoped moving forward that the Ordinance Committee would take into account, that the job of the Economic Director is to bring in business and stimulate economic growth in the City and he is in favor of the amendments. The task of the Principal Planner is to review all those plans for development to which he does with the utmost professionalism and attention to detail. He added that the proposed Ordinance would not be a detriment to the City.

Adjournment
There being no further business to come before the Planning Board, MIMI PANITCH, at 8:00 p.m., called for a motion to close the Planning Board meeting. A motion was made by EILEEN REGAN and seconded by MIMI PANITCH. The motion carried 4-0.

Respectfully submitted,
