4. Community Preservation Act
   a. CPA Historic Preservation Grants – Preservation Restrictions
      Marco Crescentini stated that this year the CPC will be asking all historic preservation applicants to add a historic consultant as part of their budget. Mr. Crescentini will ask Amy Landau if the preservation restrictions are just for aspects of the project being funded with CPA funds or for the entire building. Ben Murphy added that a UMass student intern from the preservation program could help administer the preservation restriction annual reporting during the summer to ensure that the applicants are being compliant with the preservation restrictions. Staff would supervise and review the work of the intern.

   b. CPA Plan – Historic Preservation Priorities - Reviewing CPA Applications for Historic Significance & Priority
      Ben Murphy shared examples of historic preservation priorities from other cities with the Commission. Marco Crescentini stated that the Community Preservation Committee (CPC) would like the Historical Commission to work with them regarding the historic preservation projects. The CPC would like the Commission to “rank” the historic preservation applications for the best use of the funds. The Commissioners felt that they do not want to “rank” applications. There will be future discussion at the next meeting.

7. Updates
   a. Demolition Delay Ordinance Update
      Ben Murphy provided the Commissioners with feedback from the Building Department, Board of Health and Fire Department on the proposed changes to the Demo Delay Ordinance. City Departments generally agreed that they would like the delay to stay at 100 years old or older at the time a demolition permit application is filed. The comments also generally suggested that the delay should stay at 6 months from the date of determination. Richard Ahlstrom will reach out to the department heads to speak with them individually and will work with Frances Welson to work on putting together a presentation to present to the Problem Properties Group to explain why the Historical Commission believes that the proposed changes are needed. Mr. Ahlstrom will contact department heads from Building, Board of Health and Fire Department to have conversations with them individually.

      Ben Murphy stated that two quotes were received from consultants that are interested in working on the MHC survey and planning grant. Mr. Murphy will schedule the Selection Committee meeting date and time.
